LOTTIE?

Lottie is an iOS, Android, and React Native library that renders After Effects animations in real time, allowing apps to use animations as easily as they use static images.

WHY NOT...

- ▶ ViewExtensions
- ▶ Keyframes
- ▶ Video
- ▶ Gifs
- ▶ Png sequences

USE IT

- ▶ for “static” animations
- ▶ like a button
- ▶ for onboarding
- ▶ progress indicator
- ▶ as a startup animation

NOT GOOD FOR

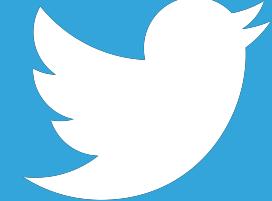

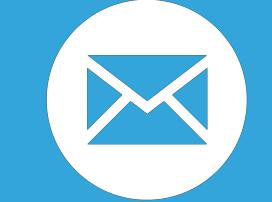

- ▶ “dynamic” animations
- ▶ animating ui elements like list items, buttons
